

Wireless Sensor Networks Hw 3

Modify BlinkToRadioApp in order to receive acknowledgement for each succesful packet transmission. If a packet is not acked please resend the packet.

Please achieve the followings in your source code:

1. Use unicast communication instead of broadcast.
2. Use PacketAcknowledgments interface.

Please write a report and include your source codes.

Deadline: 28.April.2014 (for UBE and OUBE students) 1.May.2014 (for UTI students)

Submission: Please send your homework to Res. Asst. Murat Kurt to the following e-mails:

murat.kurt@ege.edu.tr

muratkurtube@gmail.com
